

## **State of Louisiana - Additional Comments to EAC Voter Registration Survey**

Question 16. These figures do not reflect any applications received from the various sources that were changes of address, name or party, duplicates, or invalid/rejected.

Question 43. Prior to the Help America Vote Act (HAVA), Louisiana=s mail application requested the person=s age and the date of birth. There were no specific instructions regarding this issue. It was self-explanatory. Because of problems with space on the perforated part of the state=s mail application, the state did not have space to put the full question AWill you be 18 years of age on or before Election day?@ and the boxes for the applicant to check to indicate whether or not the applicant will be 18 years of age or older on election day. To comply with HAVA, the space for the applicant to indicate his age was retained, and instructions were added as follows AProvide your age. If not 18 years by next election, do not complete this form. If next election date is unknown, continue.@

Question 55. Social security numbers cannot be disclosed if a public record request is made.

Question 56. Social security numbers cannot be included in the sale of voter registration information.
